

Dear FCC member,

I understand that the FCC is considering repealing the rules that prohibit a media company from owning both a newspaper and a TV station in the same geographic area.

I strongly oppose repealing this regulation. It is becoming more and more difficult to get a variety of points of view from the media and repealing this regulation would only make things much worse. We need more diversity in our news media, not less. I urge you not to repeal the rules that prohibit a media company from owning both a newspaper and a TV station in the same geographic area.
